PROJECTS

Facebooky - Social Media App!

- Developed a modern social media app with a user-friendly interface, leveraging React JS for front-end development.
- Utilized Appwrite for backend functionality and React Query for enhanced performance.
- Contributed to creating a native mobile experience to optimize user engagement.
- GitHub Repository: Facebooky

Netflix Animation

- Developed a Netflix clone focused on new animation movies, employing modern technologies for an immersive user experience.
- Technologies used: React, Next.js, TypeScript, Tailwind CSS, Framer Motion, Firebase Authentication, TMDB API.
- Replicated the Netflix UI for a familiar user experience and implemented Firebase authentication for secure user interactions.
- Utilized TypeScript for code reliability and maintainability, ensuring a robust development process.
- Integrated Framer Motion for smooth animations, enhancing user engagement.
- GitHub Repository: Netflix Animation

DnD To-Do App

- Created a simple to-do app with drag-and-drop functionality and local storage support.
- Technologies used: React, Next.js, TypeScript, Tailwind CSS.
- Implemented drag-and-drop features for intuitive task management and enhanced user experience.
- Utilized local storage to persist user data, ensuring a seamless experience across sessions.
- Integrated functionality to fetch a new quote every time the app is opened, providing a motivational touch.
- GitHub Repository: DnD To-Do App

Concrete-Exercises

- Designed and implemented a cutting-edge exercises app with a native mobile feel using React JS and Redux.
- Integrated Rapid API to enhance data retrieval and management, ensuring seamless user experience.
- Focused on delivering exceptional performance for improved user satisfaction.
- GitHub Repository: Concrete-Exercises

CERTIFICATIONS

FWD - Front End Web Developer Nanodegree

Udacity

📅 Oct 2021 – Nov 2021

FWD - Advanced Full-Stack Web Development

Udacity

📅 Feb 2022 – Mar 2022

SKILLS

React | Next.Js | JavaScript | Tailwind
TypeScript | Bootstrap | Redux Toolkit
Material UI | Git & Github | Sass
React Query | HTML | CSS

SOFTSKILLS

Learning Potential | Communication
Time management | Problem-solving
MultiTasking | Adaptability | Flexibility

EDUCATION

Bachelor in Civil engineering

Kafrelsheikh University

📅 Sept 2016 – June 2021
